

Bedrock Learning:

A Guide for Parents

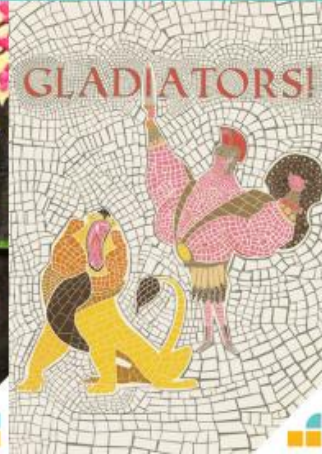

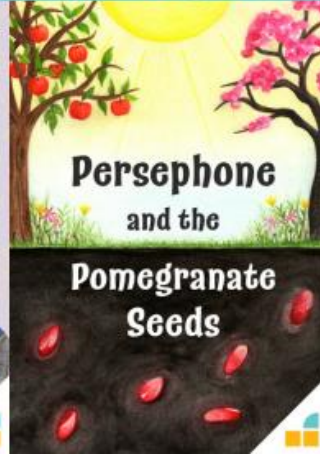

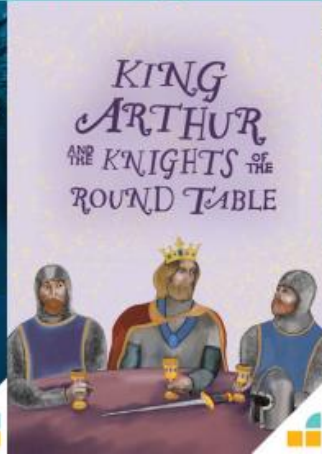

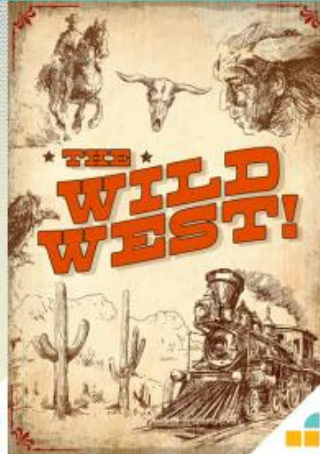

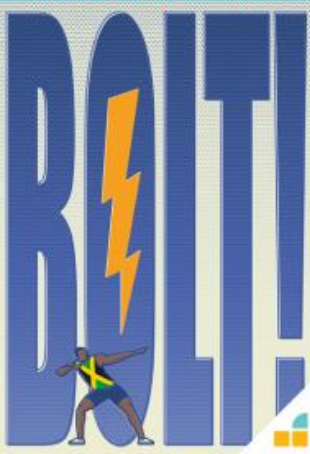

**Bedrock Learning is a digital literacy curriculum,
designed for primary and secondary students of
all abilities**

**Our comprehensive vocabulary curriculum
teaches academic vocabulary through original
fiction and non-fiction texts.**

A child's vocabulary at age 4 is a reliable predictor of their educational attainment at age 18. By using Bedrock's vocabulary curriculum, you are no longer leaving language acquisition to chance.

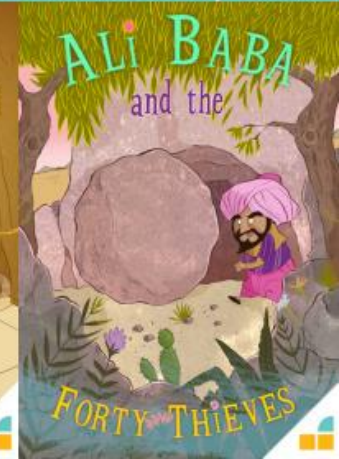

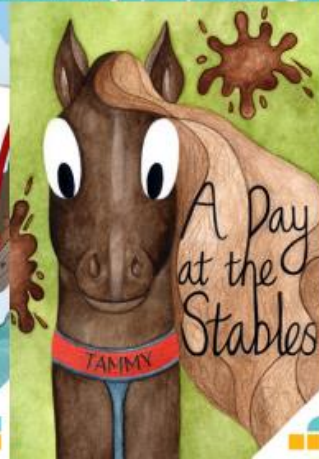

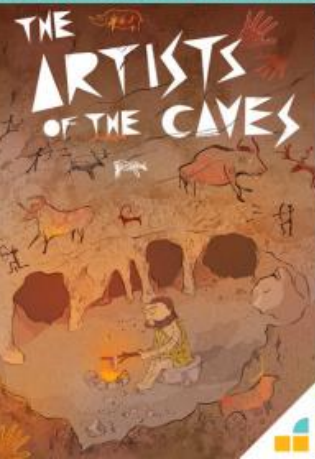

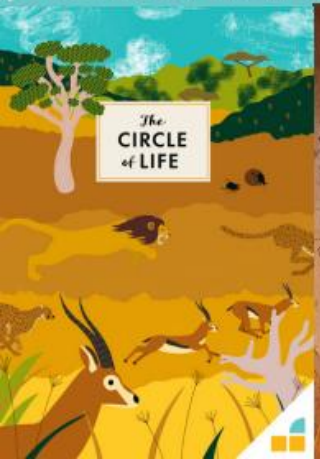

allow jagged falsely precious severe heroic impeccable pointless rejoice awkward typical ease sole arrogant hamper towering urge victor enthusiastic

Features built for impact

- Original fiction and non-fiction introduces learners to a wide range of engaging texts to increase cultural capital
- Human narration – all content and feedback is read aloud to learners by our team of actors

up warn craft famous weak travel idea believe attach herd material nibble ordinary popular gaze wise doubt contest destroy village strand escape bran

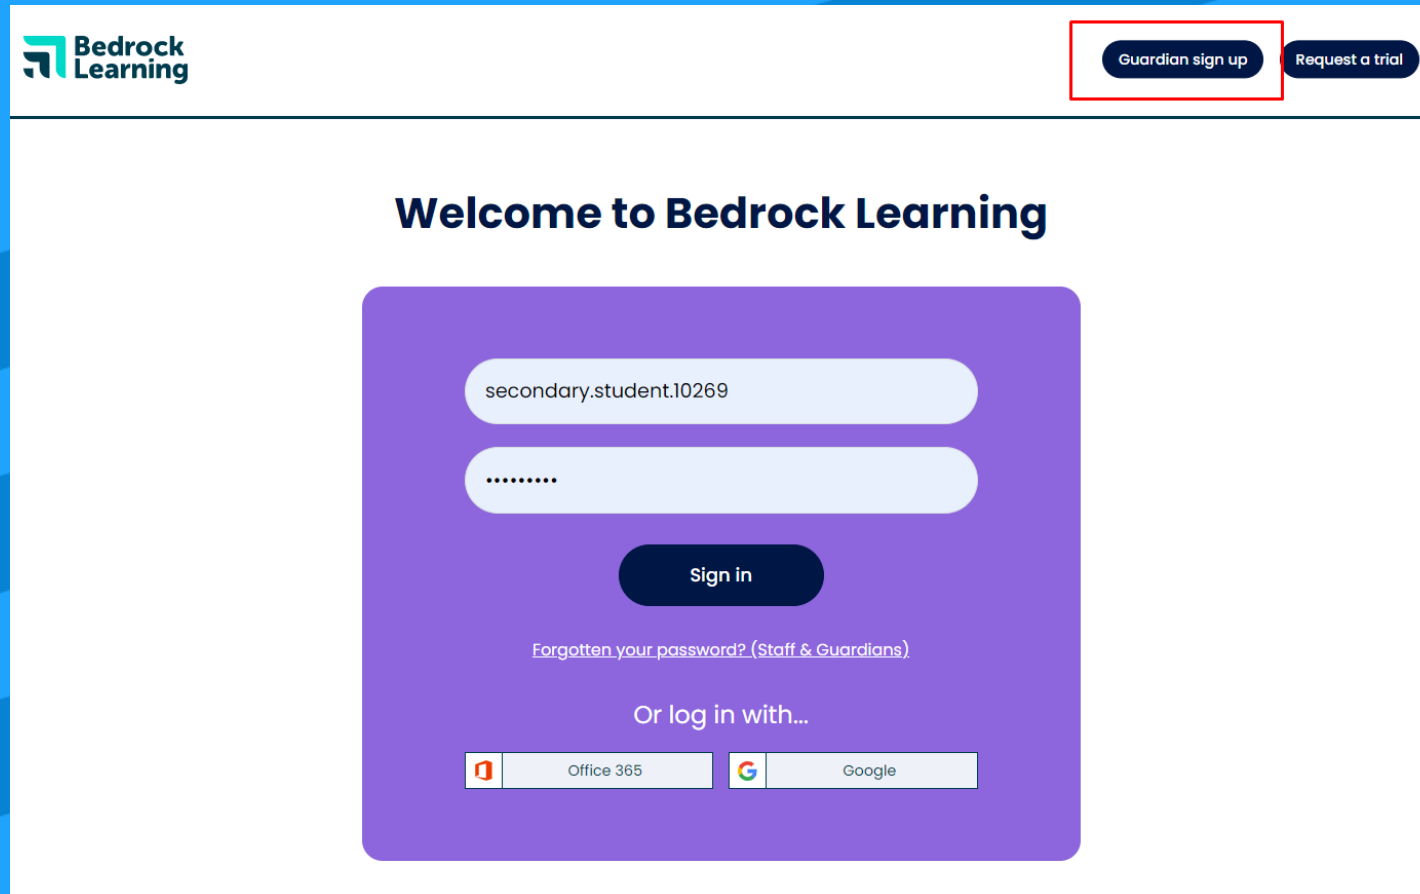

- Adaptive and personalised learning – our tech guarantees that learning is just right for every individual to guarantee long-term retention
- Live parent dashboards reveal the progress and engagement of learners

absorb process gradually nurse intend treasure actual symbol disease plunge chill wander custom discipline flutter imitate device limit struggle respect

How can I create my parent account?

1. Open your browser and type the URL `app.bedrocklearning.org`
2. Click the 'Guardian sign up' box in the top right hand corner

3. Click 'School Access Code' – you will have received this from your child's teacher

Welcome to Bedrock Learning

Create a guardian account

Do you have an access code issued via a school, or would you like to sign up for home learning?

[School access code](#) [Create home account](#)

[Forgotten your password? \(Staff & Guardians\)](#)

Or log in with...

 Office 365  Google

4. Enter your child's details, and the access code provided by your school

5. Click 'Register' and your account will be created
